

Western Regional Water Commission Charter

Vision Statement

The Western Regional Water Commission will sustain our community's quality of life through efficient total water management.

Mission Statement

The Western Regional Water Commission will lead a cooperative approach to stewardship of our region's water resources through:

- Developing and implementing an integrated water resource plan
- Building understanding and trust among all stakeholders
- Establishing water resources public policy.

Values

Within our unique Northern Nevada region, we demonstrate our commitment to this common cause and ensure value for the public's investment, conducting ourselves in a spirit of:

- | | |
|-------------------|------------------|
| √ Integrity | √ Mutual support |
| √ Openness | √ Efficiency |
| √ Inclusiveness | √ Equity |
| √ Being Proactive | √ Cooperation |
