Upon motion duly made and seconded, and carried by unanimous vote of the members, the WRWC Subcommittee approved the agenda.

3. PUBLIC COMMENT

There was no public comment.

4. PRESENTATION OF STATUS REPORT ON LEGISLATION OF INTEREST TO TMWA AND POSSIBLE DIRECTION REGARDING TMWA'S POSITION ON LEGISLATION

John Erwin referred to the staff report and table of bills on legislation of interest to TMWA, as introduced through February 22, 2011, gave a brief description of each bill table and gave staff's

recommendation. Mike Pagni and Steve Walker gave their insights into what was happening at the legislature on each of these bills. Jack Byrom, TMWA Supervising Project Manager, added input regarding the position of Associated General Contractors (AGC) and the Builders Association of Northern Nevada (BANN). After discussion with the committee, Mr. Erwin asked the committee's concurrence with recommendations or alternate positions on the bills the committee would direct staff to support. He stated upon adoption of the committee's recommendations on the bills, staff would just provide updates to any changes on the bills discussed today and then present for discussion any new bills from this date forward.

Upon motion made and seconded, and carried by unanimous vote of the members, the TMWA Subcommittee accepted all staff recommendations on all bills as presented on the staff report.

5. PRESENTATION OF STATUS REPORT ON LEGISLATION OF INTEREST TO WRWC AND POSSIBLE DIRECTION REGARDING WRWC'S POSITION ON LEGISLATION

John Rhodes referred to the staff report on legislation of interest to the WRWC. The staff report summarized all bill drafts requested as of February 18, 2011 relating to water issues, and four bill draft requests relating to open meeting issues which may have a direct effect on the WRWC. He noted that the full language of the bills is available by hyperlink on both the WRWC website and the Legislative Counsel Bureau website. Mr. Rhodes reviewed the position taken last session by the WRWC Legislative Subcommittee, which was to support the bills introduced by the Legislative Committee to Oversee the Western Regional Water Commission, at the request of the WRWC, but remain neutral on all other pending legislation unless the bill created a regional benefit or detriment from a regional water planning perspective, or otherwise directly affected the WRWC. That position was based in part on the potential for a conflict arising between some of the member entities and the WRWC. He stated this is a legitimate policy decision, but it does not preclude the WRWC from taking a position on legislation which may conflict with the position taken by member entities. After a discussion, the committee unanimously agreed that their position would remain the same this year.

Mr. Rhodes again referred to the staff report and stated that staff recommendation would be to support the two bill draft requests (20-243 and 20-244) proposed by the Legislative Committee to Oversee the Western Regional Water Commission, at the request of the WRWC, and the corresponding bills when they come out, remain neutral on all other bills, and watch all the open meeting law bill draft requests and the one bill already introduced.

Upon motion made and seconded, and carried by unanimous vote of the members present, the WRWC Subcommittee accepted staff's recommendations on all bills as presented on the staff report.

6. COMMITTEE OR STAFF COMMENTS

There were no comments.

7. ADJOURNMENT

With no further business to discuss, Chairman Carrigan adjourned the meeting at 3:44 p.m.

Approved by the Legislative Subcommittee of Truckee Meadows Water Authority on
_____.

Approved by the Legislative Subcommittee of the Western Regional Water Authority on
_____.

Respectfully Submitted,

Existing law generally limits the period in which an action for damages caused by a deficiency in construction of improvements to real property may be commenced after substantial completion of the improvement, unless the deficiency is a result of willful misconduct or was fraudulently concealed. (NRS 11.202-5 11.205) These periods of limitation are known as statutes of repose, and the period set forth in each statute of repose during which an action must be commenced after substantial completion of the improvement depends on the particular type of deficiency in construction. Section 1 of this bill reduces the period in the existing statute of repose for a known deficiency in construction from 10 years after substantial completion of the improvement to 3 years. Section 2 of this bill reduces the period in the existing statute of repose for a latent deficiency from 8 years after substantial completion of the improvement to 4 years. 17	AB	218	PW	http://leg.state.nv.us/Session/76th2011/Bills/AB/AB218.pdf Existing law exempts food for human consumption, other than alcoholic beverages, tonics, vitamins and prepared food intended for immediate consumption, from the sales and use taxes imposed in this State. (NRS 372.284, 374.289) This bill requires the Department of Taxation, for the purpose of administering those taxes after June 30, 2011, to construe the term "food" as excluding "bottled water," thereby excluding bottled water from that tax exemption. Existing law requires the Nevada Tax Commission to enter into the Streamlined Sales and Use Tax Agreement and take all other actions reasonably required to implement the provisions of the Agreement. (NRS 360B.110) This bill defines "bottled water" and provides for its exclusion from the definition of "food" in the manner authorized by the provisions of that Agreement. 19	AB	237	F	http://leg.state.nv.us/Session/76th2011/Bills/AB/AB237.pdf Existing law authorizes the board of county commissioners of a county whose population is 100,000 or more but less than 400,000 (currently Washoe County) to establish a program to provide financial assistance to persons to connect to the county's public water or sewer system. (NRS 244.3651) Sections 1, 4 and 5 of this bill authorize the board to issue bonds and other securities under the County Bond Law to finance the county's program of financial assistance as part of a sewerage or water project. Section 2 of this bill authorizes the board of county commissioners of a county to issue special obligation bonds under the County Bond Law to defray the costs of a sewerage or water project. Under existing law, the interest rate on securities issued by a political subdivision of this State, with certain exceptions, is not authorized to exceed by more than 3 percent certain published interest rates. (NRS 350.2011) Section 6 of this bill increases that limitation on interest rates by an additional 2 percent, for a total limitation of not more than 5 percent over certain published interest rates, on securities issued in whole or in part to finance a program to provide financial assistance to persons to connect to a public water or sewer system. 23	AB	256	PE http://leg.state.nv.us/Session/76th2011/Bills/AB/AB256.pdf Under existing law, an employee's average monthly wage for the purposes of the Nevada Industrial Insurance Act is calculated using the employee's actual wages, less wages from certain employment. Section 1 of this bill allows for inclusion of wages from employment in a different jurisdiction in certain circumstances. Under existing law, a claimant is entitled to certain benefits relating to industrial insurance. Section 6 of this bill requires various events relating to a medical examination requested by the insurer or employer or ordered by an appeals officer or hearing officer to occur within certain periods of time. Section 7 of this bill establishes various requirements and time limits relating to requests for medical records. Section 15 of this bill revises provisions governing vocational rehabilitation benefits. Under existing law, an employee who is injured while on a temporary assignment outside of Nevada may receive compensation from the Uninsured Employers' Claim Account if the employee was denied workers' compensation in the state where the injury occurred. Section 8 of this bill allows for such compensation for an injury that occurs in a jurisdiction other than a state. Sections 4 and 7 of this bill allow a design-build team to receive a preference in selection as a finalist if both the contractor and the design professionals on the design-build team possess a certificate of eligibility to receive their respective preferences. Sections 5 and 8 of this bill allow a design-build team that has been selected as a finalist for a public work or a project to receive a preference in selection for a contract only if both the contractor and the design professionals on the design-build team possess a certificate of eligibility to receive their respective preferences. Section 9 of this bill allows an architect, professional engineer or professional land surveyor to receive a preference in selection for certain public works if the architect, professional engineer or professional land surveyor possesses a certificate of eligibility to receive a preference when competing for public works. Existing law provides that a public body which selects a design-build team as a finalist in the selection process for a contract for a public work must make public specified information concerning the design-build team and its selection. (NRS 338.1725) Section 7 of this bill adds a similar requirement for the Department of Transportation to make public specified information concerning a design-build team and the selection of that design-build team as a finalist in the selection process for a contract for a project. Section 3 of this bill requires that a public body must, after selecting but before entering into a contract with a design professional who is not a member of a design-build team, transmit certain information concerning the selection of the design profession to the licensing board that regulates the design professional. 27	AB	361	PW	http://leg.state.nv.us/Session/76th2011/Bills/AB/AB361.pdf	Under existing law, if a local business owned by a veteran with a service connected disability submits a bid for a public work for which the estimated cost is \$100,000 or less, the business receives a preference of 5 percent of the bid amount. (NRS 338.13844) Additionally, the State Public Works Board must report to the Legislature or Interim Finance Committee every 6 months the number of bids from local businesses owned by a veteran with a service-connected disability, the number of contracts awarded to those businesses and the total dollar amount of those contracts. (NRS 338.13846) Section 6 of this bill creates a similar preference for local businesses owned by a woman or a member of a minority group. Section 7 of this bill imposes similar reporting requirements on the State Public Works Board for these businesses. Section 3 of this bill requires a person who is awarded a contract for a public work to gather, maintain and report to the public body awarding the contract certain information concerning the hiring, wages, race, ethnicity and gender of applicants for employment on the public work. Section 3 also requires that a public body awarding a contract for a public work must gather, compile, maintain and report to the State Public Works Board certain information concerning the cost of the public work, the awarding of the contract, the race, ethnicity, gender, number of employees and length of time in business of the bidders for the contract, and the information received from the person awarded the contract concerning the applicants for employment on the public work. Finally, section 3 requires that the State Public Works Board must compile and maintain the information available to the public, report the information annually to the Director of the Legislative Counsel Bureau and report the information quarterly to the Attorney General. Sections 3 and 5-7 of this bill do not become effective until: (1) the Attorney General reviews the information provided by the State Public Works Board and determines that the information is sufficient to successfully defend a legal challenge to those provisions; (2) the Attorney General notifies the Governor of the sufficiency of the information; and (3) the Governor issues a proclamation to justify the implementation of those provisions. 28	AB	387	WR	http://leg.state.nv.us/Session/76th2011/Bills/AB/AB387.pdf	Existing law exempts wells used for domestic purposes where the draught does not exceed 2 acre-feet per year from the requirements to obtain permits for the development and use of underground water. (NRS 534.180) Section 1 of this bill creates conservation domestic wells, a subset of domestic wells where the draught does not exceed 0.5 acre-feet per year, and establishes certain requirements for these wells, including that: (1) they be equipped with a certain type of pump at the time they are drilled which runs on renewable energy and does not allow water to flow at a rate of more than 1 gallon per minute; (2) the owners of the conservation domestic well install a water meter to measure the withdrawal of water from the well and ensure the withdrawal from the conservation domestic well does not exceed 0.5 acre-feet per year; and (3) the owner shall report the monthly withdrawal to the State Engineer on the Internet website of the State Engineer. Section 1 also authorizes the State Engineer to establish reasonable fees by regulation for issuing a password to an owner of a conservation domestic well to sign on to the website to report his or her water withdrawal, for allowing an owner to submit a written report rather than an online report and for failure of an owner to submit his or her report in a timely manner. Finally, section 1 requires any subdivision which plans to provide water services through the use of conservation domestic wells to obtain the right to appropriate not less than 1 acre-foot of water per year for each parcel in the subdivision and entitles the developer to obtain a credit for the 0.5 acre-feet of water not used by the conservation domestic well				NS; SA	W	N

7	SB	147	PE	http://leg.state.nv.us/Session/76th2011/Bills/SB/SB147.pdf Existing law governing industrial insurance makes an employer liable for civil penalties in an action commenced by the Attorney General under certain circumstances if the employer misrepresents the classification or duties of an employee. (NRS 616D.220, 616D.230) Existing law also gives the Attorney General primary jurisdiction to investigate and prosecute such violations by an employer as well as primary jurisdiction to investigate and prosecute any fraud in the administration of statutes governing industrial insurance and occupational diseases. (NRS 228.420) This bill makes a person liable for civil penalties in an action commenced by the Attorney General if the person knowingly advises an employer or any employee, officer or agent of an employer to misrepresent the classification or duties of an employee. This bill also requires that all such civil penalties which are collected be used to support the Fraud Control Unit for Industrial Insurance within the Office of the Attorney General. (NRS 616D.220) The Attorney General may also commence a civil action to collect any amount due, as well as certain other civil penalties.(NRS 616D.230) This bill creates a private right of action for an employee who has been misclassified as an independent contractor. This remedy is in addition to the existing remedies and penalties under NRS 616D.220 and 616D.230. (NRS 616D.010) This bill allows the employee to bring the action against his or her employer only after filing a complaint with a state agency that has jurisdiction to address the misclassification, if any such agency exists. 10	SB 192	PW	http://leg.state.nv.us/Session/76th2011/Bills/SB/SB192.pdf Local governments are required under existing law to submit an annual fiscal report to the Department of Taxation. (NRS 354.6015) Section 6 of this bill requires a local government to include in that annual report the percentage of contracts for the design and construction of public works that were awarded during the reporting period to contractors and design professionals in this State. Sections 14 and 16 of this bill impose identical reporting requirements on the State Public Works Board and the Department of Transportation with respect to contracts for public works of the State. Section 2 of this bill requires the Commission on Economic Development to compile those reports and transmit the compilation to the Legislature, or the Interim Finance Committee, if the Legislature is not in regular session. Section 15 Under existing law, if the estimated cost of a public work is \$100,000 or less, the State or a local government is authorized to award the contract to a contractor or perform the work with its own employees if certain requirements are met. (NRS 338.1386, 338.1442) Similarly, under existing law, if the estimated cost of a public work is less than \$35,000, the State or a political subdivision is authorized to prepare the maps, plans, specifications, reports and estimates for the public work itself. (NRS 625.530) The Department of Transportation is also authorized under existing law to perform limited work and improvements itself. (NRS 408.323) Sections 8, 11, 17 and 18 of this bill add a legislative declaration to those provisions in existing law, stating that, whenever possible, it is in the best interest of the State for those services on public works to be performed by the private sector.
